

**Jonathan and Sheldon Serjue  
CHAMPS Basketball**

We are honored to be considered for the LBPSB Wall of Fame and excited to share how our experiences within the Lester B. Pearson School Board (LBPSB) have shaped our lives and careers.

Our journey began at Laurendeau-Dunton Elementary School in LaSalle, where the diverse and inclusive environment was great. Passionate teachers like Mr. and Mrs. Holder left a lasting impression, instilling perseverance and a pursuit of excellence that guided us forward. Jonathan earned "Athlete of the Year" in his graduating year, and both excelled in basketball and other sports. In high school, Sheldon attended Riverside Park High School and Jonathan went to John Rennie High School. Both schools played crucial roles in our development. Sheldon was inspired by amazing teachers like Mr. Humphries and his passion for sports led to winning a GMAA basketball championship. Jonathan, at John Rennie, was supported by teachers like Mr. Chin and Mr. V, played for the HS basketball

team in his graduation year. Our performance in physical education classes at both schools reinforced the importance of fitness and teamwork.

The supportive environment within LBPSB equipped us with the confidence, resilience, and sense of community that have been vital in our journey with CHAMPS Basketball. Our organization now gives back by providing basketball programs, camps, and community events to LBPSB students, promoting physical fitness and personal growth. Jonathan is currently at Lakeside Academy being a youth mentor and weight room coach. Sheldon has done a mentorship program at PCHS in 2021.

LBPSB has been a cornerstone of our success, and we're proud to be alumni. The lessons and support we received have profoundly influenced our commitment to making a positive impact through CHAMPS Basketball, helping the next generation of leaders.

We look forward to continuing our journey with LBPSB and giving back to the community that has given us so much.
