

WARD 6 / CIRCONSCRIPTION 6

Craig BERGER

I believe in the public education system. I have dedicated much of my life to helping youth achieve all that they can in a safe and friendly environment in a system where equal opportunities are available for all of the youth of our community to receive the very best we can offer in quality education, the arts, cross-culture and cultural exposure and sports. I have been involved over 25 years as a member of the Board of the Dollard Figure Skating Club, co-founder of the West Island Theatre Association, volunteer, Governing Board Chair (Westpark School), Parent Commissioner and Commissioner. I have served as Vice-Chair of Council and the Executive as well as Chair of the Facilities and Security Committee investing millions of dollars into our schools and facilities.

Born and educated in Montreal, I graduated from the Université de Montreal, Faculty of Law, in 1980. I have my own law office, practicing in the fields of civil, commercial, corporate and family law.

Strong school boards and prudent management of public funds entrusted to them are needed for our community. So why do I want to continue as a Commissioner of the Lester B. Pearson School Board: to continue the work of bringing quality educational opportunities to our youth while managing our resources equitably and fairly. In addition, I want to make sure that the right to an English education is maintained and that the right to manage our boards and schools remains in our hands and not that of the government.
